User Guide for E-commerce Website

Introduction

Welcome to our e-commerce website! This guide will help you navigate through the site and explain how to use its main features.

Home page

- Upon landing on the homepage, you'll see featured products and various categories.
- Use the **navbar** at the top to access different sections, such as **Home**, **Products**, **Cart**, and your **Account**.

Sign In and Sign Up

- If you're a new user, click on the **Sign Up** button in the navbar to create an account. Fill in your personal details, choose a username and password, and click **Submit** to register.
- If you already have an account, click on **Sign In**, enter your email and password, and click **Log In** to access your account.

Viewing Products

- To browse through the products, click on **Products** in the navbar.
- Products are displayed with their names, prices, and images.
- To learn more about a product, click on the product image or the **View Details** button.

Product Details Page

- On the **Product Details** page, you'll find detailed information about the selected product, including its price, specifications, and reviews.
- If you like the product, you can add it to your cart by clicking the **Add to Cart** button.

Adding Products to the Cart Directly

- If you know what you want to purchase, you can add products directly to your cart from the **Products** page by clicking on the **Add to Cart** button without having to view the product details.

Shopping Cart

- Access your **Cart** anytime by clicking on the cart icon in the navbar.
- The cart page shows the items you've added, including their quantities and total price.
- You can adjust the quantity of items or remove products from your cart as needed.

Checking Out

- After reviewing the items in your cart, proceed to **Checkout**.
- On the checkout page, enter your shipping and payment details to complete the purchase.

Saving Your Cart

- Don't worry if you refresh the page or navigate away—your cart is automatically saved using local storage.
- When you return, the cart will still contain all the items you previously added.

User Account Management

- After signing in, you can view and manage your account by clicking on your **Account** page.
- Here, you can update your personal information, view order history, and track current orders.

Responsive Design

- The website is designed to be fully responsive, allowing seamless use on any device—whether it's a mobile phone, tablet, or desktop.
- On smaller screens, the **navbar** automatically collapses into a menu icon for easier navigation.
